Antonio, M.J, Balinas, R.R., Matalubos, J., Soria, C.P., "Learning Behaviours: It's Influence to the Academic Achievement of Senior High School students of JBLFMU-Molo" John B. Lacson Foundation Maritime University, October 2018

Abstract

This study examines the learning behaviours of Senior High students of John B. Lacson Foundation Maritime University-Molo. This study sought to determine the Learning Behaviours: It's influence to the Academic Achievement of Senior High School students of JBLFMU-Molo. Specifically, this study seeks to answer the following questions. 1.) What are the learning behaviours that influence the academic achievement as a whole and when classified according to age, sex, residence, family income, and General Weighted Average. 2.) Is there significant difference in the learning behaviours that influence the academic achievement as a whole and when classified according to age, sex, residence, family income, and General Weighted Average. 3.) Is there significant relationship between the learning behaviours and the academic achievement? The respondents of this study were the Senior High School students at John B. Lacson Foundation Maritime University-Molo, Inc. (JBLFMU-Molo) enrolled during the first semester of academic year 2018-2019. Mean, Standard deviation, t-test, Analysis of Variance (ANOVA), and the statistical tools employed. This study revealed that learning behaviour of Senior High School students of JBLFMU-Molo was "Visual" when taken as entire group and when grouped according to age, sex, residence, family income, and General Weighted Average.
