PART ONE MANAGING PEOPLE IN ORGANIZATIONS

1 MANAGING AND ORGANIZATIONS 3

Managing, Organizations, Sensemaking 3

Learning objectives 3
Introduction 4
Why theory? 4
What is practice? 5
Individuals in a society of organizations 6
  Individuals wrapped up in chains 6
  What are individuals? 7
Managing 8
  Framing managing 8
  What do managers do? 9
Organizations 10
  Organization characteristics 10
  Organizations go on while members change 12
  Organizations are huge repositories of rules 12
  Organizational identity 14
  Organizations as professional institutions 15
Sensemaking 17
  What is sensemaking? 17
  Sensemaking characteristics 18
  Why are organizations interested in sensemaking? 19
  Tools and sensemaking 20
  Multiple sources of sensemaking in organizations 23
  Sensemaking can be a matter of life and death 25
  Sensemaking produces what we take to be rational 25
Metaphors framing rationality 26
  Metaphors of division 26
  Metaphors of the organ 27
  Metaphors of choice and rationality 28
Why are assumptions of rationality so influential? 29
The changing contexts of managing and organizations 31
  Organizations and technological changes 32
  Changing relations of service and production 34
  Going global 35
  Changing conceptions of time and space 36
  Changing demographics; changing values 37
Using *Managing and Organizations* 38

2 MANAGING INDIVIDUALS 43

Seeing, Being, Feeling 43

Learning objectives 43
Introduction 44

Psychology at work 45
Perception at work 49
Perception and common errors 52
Values: managing me, myself, and I 57
Values 58
Personality 62
You are what you are: the trait approach 63
You are what we think: the sociocognitive approach 63
You are what you don't know: the psychoanalytical approach 67
You are what you grow: the humanist approach 70
Personality and management 71
Positive psychology: emotions and happiness 72
Shiny happy people 75
Summary and review 79
Exercises 80
Additional resources 81

Looking for a higher mark? 82
Case study 83
Notes 85

3 MANAGING TEAMS AND GROUPS 87
Cohabitation, Collaboration, Consternation 87

Learning objectives 87
Introduction 88
Team and group dynamics 89
The things that bind: why we form groups 90
Types of groups 93
Group properties and processes 95
Social impact and group size 95
Social facilitation 97
Conformance and obedience 98
Groupthink 99
Social loafing 100
Developing teams 100
Teams 101
Team stages 102
Teamwork as a reflexive process 104
Team roles 105
Gender roles 108
Team conflict and managing tensions in teams 108
Toxic handling in organizational conflict 113
Summary and review 117
Exercises 117
Additional resources 118
Web section 118

Case study 120

4 MANAGING LEADING, COACHING, AND MOTIVATING 123
Transformation, Instruction, Inspiration 123

Learning objectives 123
Introduction 124
What is leadership? 126
Leadership as traits 128
Leadership as behaviour 129
Situational and contingency theories 132
Transactional, transformational, and charismatic approaches 136
New perspectives on leadership 139
Substitutes and neutralizers 140
Leaders as servants and the postmodern condition 141
Postmodernism, postmodernity, empowerment, and neutralization 142
Leaders as coaches 145
Leaders as motivators 148
Motivation: a question of self-determination 153
The positive psychology of leadership 156
Leadership wisdom 158
Is leadership culturally variable? The GLOBE project 159
Summary and review 160
Exercises 161
Additional resources 161
Web section 162

Case study 164

5 MANAGING HUMAN RESOURCES 167

Diversity, Selection, Retention 167

Learning objectives 167
Introduction 168
HR origins 170
HRM grows up 170
HRM in context 174
HRM and strategy 174
HRM and environmental complexity 177
Demographic changes: 'talking 'bout my generation' 177
Changing face of knowledge 181
Institutional shaping of HRM 183
Equity and diversity 184
Occupational safety and health 190
HRM in practice: the core functions 192
Recruiting people 192
Selecting people 194
Retaining and developing people 197
The industrial relations climate 203
Unions 204
Employment relations 207
Summary and review 208
Exercises 208
Additional resources 209
Web section 209
Looking for a higher mark? 210
Case study 212

6 MANAGING CULTURES 215

Values, Practice, Everyday Organizational Life 215

Learning objectives 215
Introduction 216
The concepts of culture 216
High culture and the cultures of everyday life 216
Levels of culture 221
Stories of strong cultures 222
Peters and Waterman: McKinsey changing the world of organizations 224
Strong cultures, homogeneity, and disaster 226
The culture of management 227
Culture in Disneyland 229
Organization culture and George Orwell's Nineteen Eighty-Four 230
Making up culture 232
Different perspectives on culture 234
The politics of managing culture 234
The texts of culture 239
Measuring national cultures 240
Summary and review 242
Exercises 242
Additional resources 243

PART TWO MANAGING ORGANIZATIONAL PRACTICES

7 MANAGING POWER, POLITICS, AND DECISION-MAKING IN ORGANIZATIONS 251

Resistance, Empowerment, Ethics 251

Learning objectives 251
Introduction 252
Sources of power 253
Legitimacy 254
Uncertainty 255
Strategic contingencies 257
Resources 258
Politics 259
Organizations as political arenas 261
Power and the politics of resistance 262
Resistance by distance 263
Domination and authority 264
Soft domination 265
Electronic and team surveillance 266
Empowerment 267
Concertive control 268

Institutional entrepreneurs and hegemony 270
The extremes of power 271
Total institutions 271
The ethics of organizational obedience 274
Techniques of power 275
How ordinary people can use authority to do extraordinary things 276
Positive power 278
Power, politics, and decision-making 280
The ethics of decision-making rationality 285
Managing with positive power 287
Summary and review 289
Exercises 289
Additional resources 289
Web section 291
Looking for a higher mark? 291
Case study 293

8 MANAGING COMMUNICATIONS 295
Meaning, Sensemaking, Polyphony 295

Learning objectives 295
Introduction 296
Theories of communication 298
Levels of communication 301
Organizational communication and organizational design 311
Audiences 312
Communication as marketing 316
Communication as branding 318
Communication at work 321
Creating the expressive organization 321
Managing with words? 322
Power and communication 324
Polyphonic communication 326
Summary and review 327
Exercises 328
Additional resources 328
Web section 328
Looking for a higher mark? 329
Case study 330
Note 331

9 MANAGING KNOWLEDGE AND LEARNING 333
Communities, Collaboration, Boundaries 333

Learning objectives 333
Introduction 334
Knowledge management 335
Sources of knowledge 335
Types of knowledge 337
Organizational learning 339
Learning as adaptation 342
Single- and double-loop learning 343
Learning through exploitation and exploration 345
Driving forces behind knowledge and learning 347
Learning in and through communities of practice 348
Learning in and through collaborations 353
Organizational learning as paradox? 354
The paradox of organizational learning 354
A practical guide to organizational learning 355
Learning, unlearning, non-learning? 356
The power of learning 358
Summary and review 360
Exercises 361
Additional resources 361
Web section 361
Looking for a higher mark? 362
Case study 363

10 MANAGING INNOVATION AND CHANGE 365
Creativity, Chaos, Foolishness 365

Learning objectives 365
Introduction 366
Platform innovation 367
Central approaches and main theories 369
Planned change 371
Theories of processual change 372
Innovation and change at the edge of chaos 373

The changing innovation agenda 375
Managing change and innovation 376
Managing the politics of change and innovation 376
Innovating through significant stakeholders 379
Mapping innovation 386
Creativity, foolishness, and management fashion 388
The innovator's dilemma 388
Being monstrous! 393
Creative structures? 394
Management fashion 395
Summary and review 397
Exercises 398
Additional resources 398
Web section 398
Looking for a higher mark? 399
Case study 400

11 MANAGING SUSTAINABLY: ETHICS AND CORPORATE SOCIAL RESPONSIBILITY 403

Morals, Conduct, Responsibility 403

Learning objectives 403
Introduction 404
The challenge of managing ethics 404
Approaches to business ethics 407
Thinking about ethics 407
Normative and descriptive ethics 408
Ethics pays: good business equals good ethics 410
Ethics as an individual responsibility 411
Ethics and bureaucracy 411
Ethics as Catch-22 415
Corporate social responsibility 416
Taking CSR seriously 418
What role do NGOs play in spreading CSR? 421
Ethical rules for corporate social responsibility 422
When rules work to effect compliance 423
When rules work as ceremonial facades 425
When ethical rules are at odds with other types of rules 426
When the rules are ambiguous in their application 427
When rules assign responsibilities 428
Ethics as practice 429
Doing ethics, being ethical 429
Ethics expressed in and through the categories used in everyday language 430
Practices at work: designing ethical behavioural change 431
Corporate social responsibility and sustainability 433
How responsible are managers? 433
What is corporate greening? 435
What are the consequences of going green? 435
Summary and review 438
Exercises 438
Additional resources 438
Web section 439
Looking for a higher mark? 439
Case study 441

PART THREE MANAGING ORGANIZATIONAL STRUCTURES AND PROCESSES

12 MANAGING ONE BEST WAY? 445

Thinkers, Principles, Models 445

Learning objectives 445
Introduction 446
Origins 446
Developing early modern management 448
Limited liability legislation 449
Management theory: founding fathers and mother 450
Designing architecture for management: Jeremy Bentham 451
Engineering design of jobs: F. W. Taylor 453

Engineering design of authority: Henri Fayol 457
Bureaucracy: Max Weber 458
Human relations: Elton Mayo 464
Management, leadership, and the functions of the executive: Chester Barnard 466
Management and social justice: Mary Parker Follett 467
Exporting modern management ideas 469
Contemporary management models 470
McDonaldization 472
Resisting management: labour process theory 473
De-skilling 475
Summary and review 478
Exercises 478
Additional resources 479
Web section 479
Looking for a higher mark? 480
Case study 481
Note 483

13 MANAGING BEYOND BUREAUCRACY 485

Dysfunctions, Institutions, Isomorphism 485

Learning objectives 485
Introduction 486
Rethinking bureaucracies 486
Who benefits? 486
The centrality of compliance 487
Rule tropism 488
Changing interpretations of bureaucratic rules 490
Authority and delegation 492
Discretionary delegation rather than rule following 492
Questioning bureaucracy 493
New public management 495
Institutional theory 496
Institutions and entrepreneurs 501
Institutions and professions 503
Standards and institutionalization 504
Are managers dedicated followers of fashion? 504
Why French bread is better – organizationally, in terms of taste, freshness, quality 506
Organizations exploiting and exploring 509
Summary and review 512
Exercises 513
Additional resources 513
Web section 513
Looking for a higher mark? 514
Case study 515

14 MANAGING ORGANIZATIONAL DESIGN 519

Design, Environment, Fit 519

Learning objectives 519
Introduction 520
Contingency theory 520
Structural contingency theory 523
Organizational design 525
Technology and organizational design 528
Strategic choice and organizational design 533
Structural adjustment to regain fit, or *SARFIT* 534
New organizational forms 538
The limits of the bureaucratic model 538
Defining a new organizational form 540
M-form 540
Matrix organizations 544
Shamrock organizations 545
Call centres 545
Networks 548
New organizational forms after bureaucracy 551
Rationalized myths and organizational change 554
Design thinking 559
Summary and review 563
Exercises 564
Additional resources 564
Web section 565
Looking for a higher mark? 565
Case study 567

15 MANAGING GLOBALIZATION 569

Flows, Finance, People 569

Learning objectives 569
Introduction 570
Chinese whispers 572
Defining globalization 575
- Why globalization? Scale, scope, and access to key resources 576
- Characteristics of globalization 578
- Global flows of finance, knowledge, people, and politics 581
- Globalization is a multiplicity of processes, not a state of existence 581
- Global financial systems 582
- Global strategic alliances 583
- Mergers and acquisitions 584
- Different institutional systems 585
- National governments and transnational companies have different interests 585

Competitive advantage 587
- Innovation drives competitive advantage 587
- Local clusters in a globalizing world 589

Who and what are the globalizers? 590
- Large IT firms 590
- Management gurus 591
- Management consultancy 591
- Management education 593
- Systematic management standards 598

Global managers and global jobs 599
- Knowledge work 599
- Better than sex: how a whole generation got hooked on work 601
- Global work 603
- Knowledge work and dirty work 604

Global rights 605
Global sustainability 606
Global winners and losers 607
Resisting globalization 608
The dark side of globalization 610
Summary and review 612
Exercises 613
