ABSTRACT

This study entitled "Poverty Among Beggar" was conducted to determine the experience and consequences faced by beggar along the street of Iloilo City while begging.

This study attempts to identify the common problems of beggar in Iloilo City.

Specifically, it will answer the following questions.

- What are the reasons why respondents beg along the street of Iloilo City?
- What are your experiences while begging along the street?
- What are the consequences when you are begging?

A case study research design has been used in this study. An in depth investigation of one particular individual, group, time-period or event. Is it used to discover truths or make predictions. We use this kind of design to recognize the main reason of beggar people why they choose to beg in the street. This study was conducted among twenty beggars whose age ranges between twelve-seventy. Specifically ten males and ten females. Begging along the street of Iloilo City. To determine the consequences and struggle they faced everytime they beg, their reasons why they choose to beg and live in the street rather than having a stable job and and permanent house. Not all beggars who chose to beg is lazy to wok sometimes they're just left with no choice because of lack in education.

After gathering all the data needed, the researcher were able to conclude that beggars who beg along the street of Iloilo City have their own reasons why they choose to beg rather than to work. They faced a lot of consequences when they are begging. Beggars have dreams too.

From the results obtained in the study, the following conclusions were drawn:

1. Beggar have there own reason why they beg.

Beggar begged to have money in order for them to buy foods and also to find happiness.

2. When beggar are begging they also faced some challenges and consequences.

They faced a lot of consequences it might be people or natural calamities.

3. Most of beggar spend their time in begging.

Beggar begged not only a month but it takes 16 years or more.

4. Beggar just like other people they have their dreams too.

Beggar also dream to be successful someday and live longer.

5. Beggar have their own feelings.

Beggar feel hurt also every time there is someone treat them like a trash.

Acknowledgement

Conducting a research is not that easy, you may encounter ups and downs. But behind of those things we make it as a successful one. The researchers would like to extend their gratitude to the following, who helped us to reach this success.

Dr. Elvira Delgado, for her undying support and patient she invested on us. At the same time for her expertise in guiding us all throughout this journey.

The respondent we would like to acknowledge the twenty beggars for their willingness and time they spend with us. Without them we can't reach this success.

Parents, for their financial and moral support they give on us. Without them we cant reach this success.

Friends, in helping us conducting our survey, and for their companionate support for the researchers and most importantly to our almighty God, for his guidance and bountiful blessing he given upon us.
